

## NITRO PLUS RACING OILS

Nitro Plus Oils are straight-grade synthetic engine oils formulated specifically for use in blown alcohol, nitro-methane or any racing applications that experience excessive fuel dilution.

- **Nitro Plus 50**  
Viscosity typical of a SAE 50 oil.
- **Nitro Plus 60**  
Viscosity typical of a SAE 60 oil.
- **Nitro Plus 70**  
Viscosity typical of a SAE 70 oil.

### EXCLUSIVE PERFORMANCE ADVANTAGES

- Greater wear protection
- Separates rapidly from alcohol/nitro methane
- Resists bearing washout
- Can withstand severe stress of high compression engines
- Non-Foaming
- Outstanding Rust/Corrosion Protection
- High Temperature Service Capability

### NITRO PLUS OILS: 50, 60, 70

RACING OILS

### PART NUMBERS

|               |  |       |
|---------------|--|-------|
| Nitro Plus 50 |  |       |
| 5-Gal. Pail   |  | 05950 |
| Nitro Plus 60 |  |       |
| 5-Gal. Pail   |  | 05960 |
| Nitro Plus 70 |  |       |
| 5-Gal. Pail   |  | 05970 |
